Ruger No. 1 Rifle in 6.5x55mm

For sale is a rare, limited edition Ruger No. 1 in 6.5x55mm.

Rifle is in beautiful condition as it has been living as a safe queen. At most 50 rounds have been fired through it at the range. Has some minor handling nicks.

The trigger has been upgraded to the JARD Inc. trigger. The safety has been upgraded so that it does not catch the brass as it is ejected from the chamber. The forend has been epoxy bedded by a professional gunsmith.

I can also include several boxes of S&B and Nosler premium ammo at a discounted price.

A valid PAL is a must to handle or purchase.

Thanks for looking!

Price: \$ 2,150.00
