1998 Polaris Trail Touring 500 snowmobile

Type: Used

Year: 1998 Kilometers: 4,724 Make: **Polaris** Engine: 488 cc

Model: Trail Touring 500

View at: Yellowknife, NT, X1A 2N4

4,724 miles, very good condition. Used occasionally for local exploring over my 13 years of ownership.

Equipped with electric start, pull start, reverse, tow hitch, heated grips & thumbwarmer, 2-up seat with adjustable backrest, tachometer, and a RAM mount ball. New OEM battery in 2017 -- new owner may wish to replace proactively. New ignition CDI, new plugs, and chaincase oil just replaced prior to sale. Includes spare belt, some spare oil, spare plugs, sled cover, stand, owner's manual, and PDF service manual.

Everything works. This sled's only blemish is the torn seat, which is typical and has been covered with tape. (Replacement seat covers can be found on eBay.) Machine has been stored outdoors under cover and on stand, and summerized with engine fogged, gas stabilizer, and on Battery Tender. Only reason for selling is because I'm moving. I have no trailer, so buyer must pick up.

First \$1,600 takes this classic.

Price: \$ 1,600.00
