Custom-built fuel tank

Custom-built aluminum 50 gallon (US) fuel tank with step and vented cap. Baffles in the tank. Purchased for \$1600 and has a small leak in the corner so needs a little welding patch. Was designed as a center step for a Thunderjet Tyee boat but used it at the back as a step out of the boat.

Asking \$600. Call or text Jeff at (867) 445-4200.

Price: \$ 600.00 or best offer

Phone: 867-445-4200
