## Truck Winch Control (Warn 83665)

I bought this to try resurrecting an old winch, but the resurrection never happened. It's literally brand new and worth \$120 on Amazon. Just trying to declutter...

- Weather resistant and an agronomical handle
- Easy to use, even while wearing gloves
- 12 foot lead
- Compatibility: previous generation of warn truck winches

**Price: \$ 50.00**
