ISO: Housesitting Opportunity March 16-31

Hello all, my name is Megan, and I am a senior medical student coming to Yellowknife for a two week elective in March. I am hoping to find a housesitting gig while I am in town, and am happy to help with any chores etc.

I grew up rurally on a small farm, and am comfortable with almost any house/yard/animal work. I may have an unpredictable schedule at the hospital/clinic, though, so better suited to animals with some independence.

I would be very happy to discuss further and am open to negotiating something that will work well for all parties.

Thank you!
