I bought this skidoo after moving to Yellowknife last year but I realized since that it is not my thing.

2020 backcountry X, 850 E-tec, electric start, 146" track, 3300 kms.

Some tasteful mods:

IBackShift clutch

Red C&A skis

Fox float suspension

Sticker kit.

The bad:

Some damage on right plastic

Some damage on left controls

Bent right tie rod.

None of which prevented me from enjoying the few rides I had on this machine this past winter.

Come have a look.

Located in Yellowknife. Can ship higher up north.

Price: \$ 10,000.00
