2023 Transition Scout M

2023 Transition Scout size medium, selling because it's too small, (I'm about 6feet tall), has a new front brake lever and ergon grips, running tubes at the moment but it is tubeless ready with a new raceface affect R rear rim, don't want to sell the pedals with it but would consider it, also got new maxis tire last summer and upgraded the derailleur from sram nx to sram gx. I am motivated to sell it, and will clean before selling, also just cleaned and greased all the bearings in the linkage. Comes with all the original manuals and extra bits and pieces that came from the factory. Text or call for specs and viewing. \$4000 obo

Price: \$ 4,000.00 or best offer

Phone: 867-446-2975
