Overgrown succulents and cacti

Overgrown succulents and cacti in 4" pots. \$5 each, \$10 for the big one in the square pot on the left side of the second photo. There are multiple plants in every pot.

These all thrive on light and neglect--I potted these cuttings last fall, mostly ignored them, maybe watered once a month, and they are happily outgrowing these containers.

Aloe vera - 9 available

Another type of aloe - 2 available

Cactus - 2 available

Rosette-shaped succulent - 1 available - this one is leggy right now, needs more light, but propagates extremely well

Can deliver if you'll be home when I'm running errands.

Price: \$ 5.00
