Selling my 2016 Ford Focus, I have bought a truck and do not need two vehicles.

The car is in really good condition and has had a tune up done on it recently. In the last few months the vehicle has had an oil change and has had new spark plugs, new lug nuts, a new block heater, and a new windshield installed. The car also has an aftermarket command start installed, along with a battery warmer and trickle charger for the car battery. I also have a full set of winter tires on steel rims to go with the vehicle.

I am asking \$11,500 for it or best offer.

Price: \$ 11,500.00 or best offer
