Huion Kamvas 13 graphics tablet for drawing

13" Huion Kamvas 13 screen tablet and pen in excellent condition, for anyone who likes to do digital art. Huion claims 8192 levels of pressure sensitivity. Tablet is lightly used, screen may have some slight scratching from the tablet pen but is otherwise in great condition. Selling as I've upgraded to a larger model.

Adjustable tablet stand

2 drawing glove (one size, meant to reduce oils from your skin from rubbing off on the surface)

Two copies of Huion's 3-in-1 cable (1 HDMI and 2 USB-A) - this is what to use if the USB-C cable doesn't work
