Selling my beloved Jeep because of changing family and business needs.

Up for sale OBO is a 2011 Jeep Wrangler Sahara Edition. Bright red with four doors and a 6 speed manual transmission.

It was purchased in Edmonton new by myself but has lived its life in Yellowknife with regular servicing at Yellowknife Chrysler. Many oil changes, a few front axle seal replacements and a couple light bulb changes, but nothing major mechanically. It does however have the ever so common check engine light on because of a faulty sensor, which does sometimes go off on its own accord.

It drives strong and I've tried to take care of it the best I can, but it does have some general signs of usage in the boot, ripped thread on the drivers seat, and rip in the shifter cover. Both front fenders have cracks due to flying rocks in -40.

The Jeep has a cage which can support up to 400lbs, has a front 2" hitch receiver as well (great for moving trailers), has a 2" lift, and slightly oversized Wrangler tires. All the heaters for winter and has always started strong. Relatively new battery as well.
