Winchester 94 Short Rifle .30-30 WIN

For sale is a like-new Winchester Model 94 Short Rifle in .30-30 Winchester.

This is a new production firearm and represent the best 94's that Winchester has ever made. Very handy and smooth to operate. It's never been hunted with. Only test fired once at the range.

Makes an excellent bush hunting or camp gun in a classic, versatile cartridge.

I also have lots of ammo that I can include at a discounted price if desired.

Valid PAL is a must to handle or purchase.

Thanks for looking!
