View at: Behchoko, NT, X0E 0Y0

2008 GMC Sierra 2500 HD, 6.0L V8. 237545KM

Truck drives awesome, everything works as it should. Winterized and ready for the cold north. Brand new windshield, New battery, Oil change done the other day, have a set of 8 new plugs and brighter and whiter headlight bulbs (not installed) and a set of 2 keys and 1 fob that you can use to command start the truck.

Reason for selling is that I use this as a daily and work vehicle only in Behchoko and don't have the funds to pay for 2 vehicles.

Price: \$ 7,500.00

Phone: 867-669-1769
