This truck has been inspected at Aurora ford and had all issues they noted repaired at a cost of 2700.00 this past summer. It was purchased as a temporary work vehicle and has never let us down. Our projects in yellow knife is now complete and we are headed back to Alberta, easier to sell it the other night than bring it home. Very little rust on the vehicle, We installed oversized approx 35" aggressive mud and snow tires. As mentioned there are no issues we are aware of We had fully serviced at Aurora And now just need to get back to Alberta... We paid \$4,500 for the truck plus the tires plus the repairs so we are into it for well over \$7,000 willing to let it go for \$4,000 this weekend.
