## **Yamaha snowmobile engine fuel primer kits (2)**

In-town snowmobile dealer/maintenance shop recommended purchase of these Yamaha snowmobile/ATV primer kits for engines hard to start in very cold weather a number of years ago, only to later advise they couldn't be used on my Polaris snowmobiles. \$40 for both kits. Can anybody out there use them?

Be sure to check with you mechanic whether they are compatible w you machines...

**Price: \$ 40.00 or best offer**
