DJI Mini 2 Drone

For Sale is my DJI Mini 2 Drone Fly More Package in like new condition. Everything works with no issues at all. You can try it before buying it.

I just upgraded and having 2 drones is a bit too much for me.

DJI drones are reliable and fun to fly with usually high resolution photos and video footages but a little expensive buying a new one.

I'm selling mine for \$350 OBO compared to a new one with a Fly More Combo Kit. This is a good starting point in owning one of these drones from DJI without breaking the bank.

This package sells for \$769.00 at dronepoint.ca.
