## lfi pro iDSD Signature DAC preamp headphone amplif

Selling my iFi Pro iDSD Signature DAC/AMP, unit is in excellent condition and everything works flawlessly. Amazing all in one system with solid state and tubes, can drive pretty much any headphone flawlessly. The iFi Pro iDSD Signature is the best DAC, preamp and headphone amplifier. The Pro iDSD signature comes with everything in the box.

Outputs can be switched from solid state to tube output with a click of a switch. You can experience the dynamics of solid state output the sweetness of tubes.
