Voltbike 750 Yukon Limited e-Fatbike

Voltbike 750 Yukon Limited electric fatbike - 20" frame size suitable for people 5'7" to 6'3"

- 836 km
- purchased new in December of 2022 for approximately \$2000
- has rear rack, head, tail and brake lights
- has the high capacity (for that year) 19.2Ah battery, giving you more range and better winter performance. Battery pack can be removed from bike to charge inside, or to keep warm in the winter
- 750w hub motor easily hits 30 kph, hydraulic brakes
- works great, makes excellent commuter.
- good shape with minor wear and tear, scratches etc.
- comes with 2 keys, and charging cord

Selling as I realized I prefer the exercise from an old school bike or skiing in the winter.

Price: \$ 1,500.00 or best offer
