Casio CTK-551 Keyboard – \$75 OBO

61-key touch response keyboard in good working condition. Great beginner/intermediate keyboard with built-in speakers, tones, rhythms, and learning features. Sounds great.

Includes power adapter (not original). It works fine but sometimes needs to be positioned properly at the connection due to the adapter being a cheap one I got from Amazon. A proper replacement adapter is likely easy to find — I just never replaced this one since it worked for me.

Clean overall condition.

Pickup please.
