## **Residential Trailer Maintenance Services**

- Trailer & house levelling.
- Install new pads & blocking.
- Install new skirting.
- Re- insulate water & sewer pipes.
- Belly bag repairs & replacements.
- Any type of Carpenter work.
- Concrete foundations off bedrock is our specialty.
- Carpenter maintenance work.
- Steel piles a problem. We have you covered.
- + You can hire a welding company to come in and they'll soak you dry.
- We fix floating steel piles that were we're mis- installed. Y Bernie's drilling in the 80's
- We install permanent blocking services work.
- They hand pumped 5 gallons of concrete down the pipes and it froze to the pipes before it got down to anchor your trailer before it got to bedrock. That's why there's so much heavage on trailers connected supposedly to bedrock.
- We install new blocking to solve that problem.
- In the 80's. Bernie's drilling did all the work in YK for trailers & he fucked up ROYALLY. That's when PARAMOUNT STILL NG CAME TO YK. My brother worked for Bernie's as a Driller for years and they never cemented the piles properly for years and years.
- Then PAROMOUNT DRILLING CAME TO TOWN & TOOK OVER YELLOWKNIFE
- THEY PROVIDED THE PROPER EQUIPMENT TO ANCHOR SYEEL PILES
- THEY BROUGHT IN SPECIALIZED PUMPS TO ANCHOR STEEL PILES
- BERNIES DRILLING NEVER HAD THAT. IF YOU HAVE A TRAILER IN RHE 70'S OR 80'S ON STEEL PILES
- We provide SERVICES FOR STEEL FLOATING PILES
- We're the specialists.
- We provide everything pertaining to trailer maintenance
- Even if you had run holes on your steel piles. You can run into alot problems. Meaning that you have dry h avage every year. Especially after 40-50 years s. Steel piles rot. That's where we come in to fix it and manage the problem. There's no fixing steel piles that are rotting with no real fixation to bedrock.

We're the DPECIALISTS

WE CAN FIX IT AND MONITOR IT

It's what we do.

- We have you covered

.- No ifs & or buts.
