Antique rifles

Two old classics. Not LEGALLY antiques as they were made after 1898.

A Savage 1899 Model in .303 Savage. Great blueing, excellent shiny bore, 26-inch barrel, some dings in the wood, normal for a rifle built in 1903. Shoots great.

Includes brass, dies, and bullets. \$750.00

Model 1886 Winchester, built 1910. Chambered in .33 Winchester. 24-inch lightweight barrel with a great shiny bore. Shoots very well.

Includes dies, brass, and bullets. \$950.00

Both rifles together \$1600.00

These prices are exceptionally low because I'm not shooting much these days.

Hence, these prices are 100% firm.

Price: \$ 750.00
