Fisher-Price Rock, Roll 'n Ride Trike XL

This is the perfect grow-with-me toy for kids aged 1.5 to 5 years old (up to 50 lbs).
Converts easily into three modes without needing extra tools:

Stage 1 (Rock): Locks into the base for stationary rocking horse fun.

Stage 2 (Roll): The base flips up into an extra-long parent push-handle for strolling while they learn to pedal.

Stage 3 (Ride): The handle detaches completely, footpegs fold up, and the seat adjusts for independent pedaling.

Price: \$ 20.00
