Zoomer Chimp Interactive Robotic Chimpanzee

Selling a Zoomer Chimp interactive robot by Spin Master in great working condition. This is an incredibly advanced toy that behaves like a real pet monkey!
Features:

Voice-Activated: Responds to 10 different voice commands (tell him to dance, flip, sit, or "go bananas!").
Realistic Movements: His face changes expressions with moving eyes, teeth, and lips.
Amazing Stunts: He stands up entirely on his own, rolls around on two wheels, and can perform real flips!
Easy Charging: Includes a built-in rechargeable battery that charges up with a standard micro-USB cable.

Clean, gently used, and fully tested. It makes a fantastic, high-tech gift for kids who love robots and animals.

Price: $ 25.00
